

Community Impact Strategy

“Community Bank Bellarine is committed to investing in the growth and wellbeing of our community”.

This plan sets out our community investment and impact priorities, to guide decisions, while still ensuring we remain adaptable to always meet our communities most pressing needs.

We are focused on building the capacity of our partners and enhancing the livability of our region through enhanced community connectedness and reducing barriers for community participation.

Education

Support educational opportunities across our region to increase financial capability and inclusion, and improve education accessibility.

Social Inclusion

Deliver specific social inclusion strategies across both key town centres within our region through partnering with community groups, and supporting their capabilities and capacity.

Economic

Support a thriving, connected, and collaborative local business network with strong employment pathways.

Health and Wellbeing

Support initiatives that improve the physical and mental health of our community, and increases access to health services.

Food Security

Deliver capacity building support agencies across the region to support vulnerable members of the community currently challenged by the cost-of-living crisis.
